**Subject:** Nine Spring

Hi  
The 33kv cables in 9 springs where disconnected approx 6 years ago. I am trying to contact someone regarding your other questions but they are on holiday until fri.

Thanks Matt

Eugene  
I have spoke with Russell Swift our System planning and investment engineer and he no longer requires the old cables, if the cables in question are the redundant 33KV they will be able to be built around and maybe cut a drift. If you require any of this you will need to raise a job with our ETB on 0800 0483516.

I hope this has answered your questions  
Matt Gentle
